ABOUT THE DOMAINE

Established in 2008, Domaine Berlancourt is one of the smallest estates in Burgundy. Located in Meursault, the domaine only owns 1.5 hectares of vineyard, but they have managed to produce four wines in separate plots, all bottled as Bourgogne Blanc. The vines are organically farmed and most of the work is done by hand.

WINEMAKING

This wine was vinified with minimal intervention and aged in oak barrels on fine lees for 24 months. The vines are organically farmed and most of the work is done by hand.

TASTING NOTES
