100% Sauvignon Blanc

VINTAGE

2022

ABOUT THE DOMAINE

Starting with a small plot of less than an hectare in 1945, Marcel & Huguette Gitton discovered and pioneered this single-site, terroir-focused Sancerre. The exclusively estate grown and bottled wines have been sold in over 30 countries for more than 40 years. Pascal, son to Marcel Gitton, his wife Denise, and daughter Chanel, carry on the tradition today. The vineyard today extends over 33 hectares, and are planted on small plots around the village. Half of their vineyards are grown in flinty soils, difficult to work on, producing wines which show notes of citrus, flint minerals and hints of ripe stone fruit.

WINEMAKING

The grapes were handpicked. Pneumatic pressing, cold settling. Spontaneous fermentation (indigenous yeasts). Aged for 10 months in Slavonian oak barrels of 30hl.

TASTING NOTES

This wine has aromas of citrus, green apples, and peaches with distinctive minerality. On the palate this wine is elegant, balanced with honey and mineral notes, freshness, vibrant acidity and a long finish.
